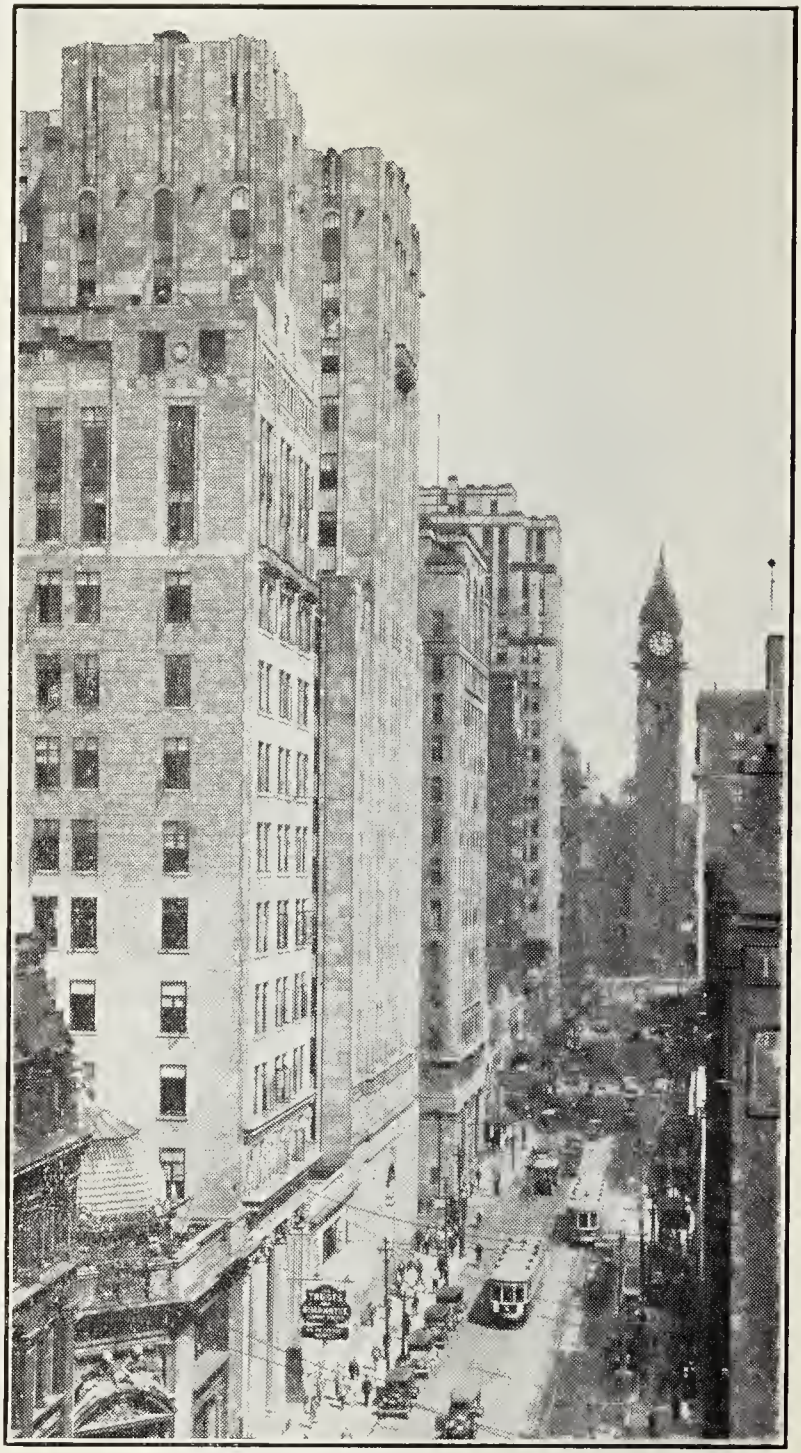
CITY HALL



BAY STREET AND CITY HALL TOWER

SKY LINE FROM TORONTO ISLAND

"CASA LOMA" — A MECCA FOR ALL TOURISTS

TORONTO

"INDUSTRY—INTELLIGENCE—INTEGRITY"

IN the minds of many serious thinking citizens, the greatness of the City of Toronto lies in the strict adherence of its past Councils to remain true to the spirit and the principles as laid down in its noble motto "Industry, Intelligence, Integrity." One has only to think of the contribution made by the City of Toronto to every public cause to realize how far-reaching has been its influence in the development of the Dominion of Canada, and how firm has been the adherence of its past Councils to the best and noblest traditions of the British Empire.

The history of Toronto dates back almost three hundred years ago when the first French adventurers were guided by their friendly Indians to the "place of meeting," which is the Indian meaning of the name for Toronto. It was undoubtedly a centre of trade early in the eighteenth century, becoming important enough to be made a fortified post in the summer of 1750 when the French built a fort and named it Fort Rouillé, after the Colonial Minister at that time. In the war between the French and English the fort was burned in order to prevent English occupation in 1759.

Toronto — continued

Governor Simcoe, on his first visit to Toronto on May 2nd, 1793, chose the site of the City for the Capital of the Province of Upper Canada. He resolved to set up a special two-roomed tent or canvas house, which he had previously brought from England, as the nucleus of the new Capital, and to establish himself with his family during the summer.

On August 26th, 1793, the Governor having learned of the success of His Majesty's arms under His Royal Highness the Duke of York, son of the then King George III, changed the name of Toronto to that of York and at noon the next day a salute was fired in commemoration of the change.

Apart from the military works, no buildings were erected in York until 1794 when the first homes of officials were built. In Governor Simcoe's time the boundaries of the town were George Street on the West, Ontario Street on the East, Duchess Street on the North and Palace (Front) Street on the South. The town was occupied by the United States' forces in 1813, at which time the Legislative Assembly Buildings and Archives were burned. Self government was granted in 1817 and in 1834, the population having increased to 9,000, it was incorporated as the City of Toronto. (Date of incorporation, March 6th, 1834.)

Toronto—continued

One of the notable achievements of Governor Simcoe was the opening of Yonge Street to Lake Simcoe which was completed in 1796. At this time York comprised only twelve blocks, immediately North of the Parliament Buildings then situated close to the waterfront at the foot of what is now Berkeley Street. The present intersection of King and Yonge Streets was not then in existence.

The first extensive industry was established in Toronto in 1812 when Jesse Ketchum started the business of tanning hides at what is now the south-west corner of Yonge and Adelaide Streets. At that time, in the Town of York, there was a blacksmith, a wainwright, a candle maker, a clock maker, a hat maker and a cobbler.

In 1842, just eight years after incorporation as a City, Charles Dickens wrote this most illuminating description of Toronto. "The town itself is full of life and motion, bustle, business and improvement. The streets are well paved and lighted with gas; the houses are large and good; the shops excellent, many of them having a display of goods in their windows such as may be seen in thriving towns in England, and some which would do no discredit to the metropolis itself. There is a good stone prison here, and there are, besides, a handsome church, a court

house, public offices, many commodious private residences and a Government observatory for noting and recording the magnetic variations."

From such a sturdy beginning Toronto has developed into a great modern cosmopolitan City in the front rank of the really important commercial, industrial and travel centres of the North American Continent.

Toronto, the Capital of the Province of Ontario, is Canada's greatest commercial and industrial centre, and one of the outstanding convention cities on the North American Continent. The City of Toronto is noted as a health centre and regards the protection of the health of its citizens as one of the most important functions. Toronto has the greatest mining stock exchange in the world, and is today one of the most highly developed cities of the world both in the matter of residence or home telephones and in point of usage of long distance service. Toronto's first street lighting system was placed in service during the year 1842, the illuminant being gas; at that time Toronto was one of eleven cities on the North American Continent to have a street lighting system. Electric arc lights made their appearance in 1884. Today there are 55,436 street lights in the City of Toronto.

Toronto—continued

The atmosphere of Toronto is certainly singular for, from the spiritual emanation of three-quarters of a million people and the pioneer development, arises the foundation of its great institutions, known throughout the world for their character and reputation for sound intrinsic values. It is the home of the University of Toronto, the largest University in the British Empire; the world's greatest annual fair, the Canadian National Exhibition, and Canada's premier annual Agricultural, Live Stock and Horse Show, the Royal Winter Fair. It is the Head Office of five of Canada's ten chartered banks, as well as of many financial institutions. It has a great industrial and commercial capacity and fosters as municipal undertaking a street railway and motor coach service second to none on the Continent, an extensive street lighting system, a water works system, and a harbour development that is the most modern and up-to-date on the Great Lakes.

With the completion of Toronto's two million dollar airport this year, Toronto, as the mail centre of Canada, will take her place as the air hub of Eastern Canada with an airport that will be one of the finest on the Continent.

Toronto has many distinctions but its importance as a manufacturing centre leads all the rest. If one follows a line drawn from Canada's

southern boundary through this City, and continuing directly to the north, it will about evenly divide the Canadian population, so that Toronto is in a position not only to serve a population of 1,500,000 within its tributary retail trading area, but its manufacturing and commercial institutions can compete conveniently for trade both in the East and in the West. Toronto has water communication to many important centres, to tide water and to more than half the way across the Continent. In its century of growth and in every respect, Toronto has become great among the cities of the world. It is one of the few really great cities not built either on or at the mouth of a great river.

The Government of the City is carried on under the provisions of The Municipal Act passed by the Government of the Province of Ontario. It is vested in a Municipal Council, consisting of the Mayor and four members forming the Board of Control (all five being elected annually by the citizens at large) and eighteen Aldermen elected annually from the nine Wards into which the City is divided (two Aldermen being elected from each Ward). The Council, as a whole, is the legislative body of the Municipality and carries on its legislative work through Standing Committees, viz.: Committee on Works, Committee on Property, Committee on Parks and Exhibitions,

and Committee on Legislation. The Board of Control is the executive body and as such is responsible for the preparation of the annual Estimates or Budget and the supervision of matters relating to finance, the appointment of officials, the carrying on of public works authorized by the Council, and the general administration of the affairs of the City, except as to the Departments of Education and Police, the first being under the control of a Board of Education elected by the citizens annually, and the latter under a Board of Commissioners of Police, which consists of the Mayor for the time being, one County Court Judge and one Magistrate.

The Local Board of Health of the City of Toronto consists of the Mayor, the Medical Officer of Health and three resident ratepayers appointed annually by the council at its first meeting in every year.

The City of Toronto is situated on the northern shore of Lake Ontario nearly due north from the mouth of the Niagara River. It lies in latitude 43° 39′ 10″ north, longitude 79° 23′ west. The minimum and maximum elevations of Toronto are 245 feet and 610 feet respectively, the elevation of the City Hall being 295 feet.

CITY HALL

The City Hall, situated on Queen Street, between James and Bay Streets, is a massive stone structure, and contains accommodation for the Council and Officers of the Municipality, for the Courts of Justice (including the Magistrates' Courts and offices) and the various Judicial Officers connected therewith.

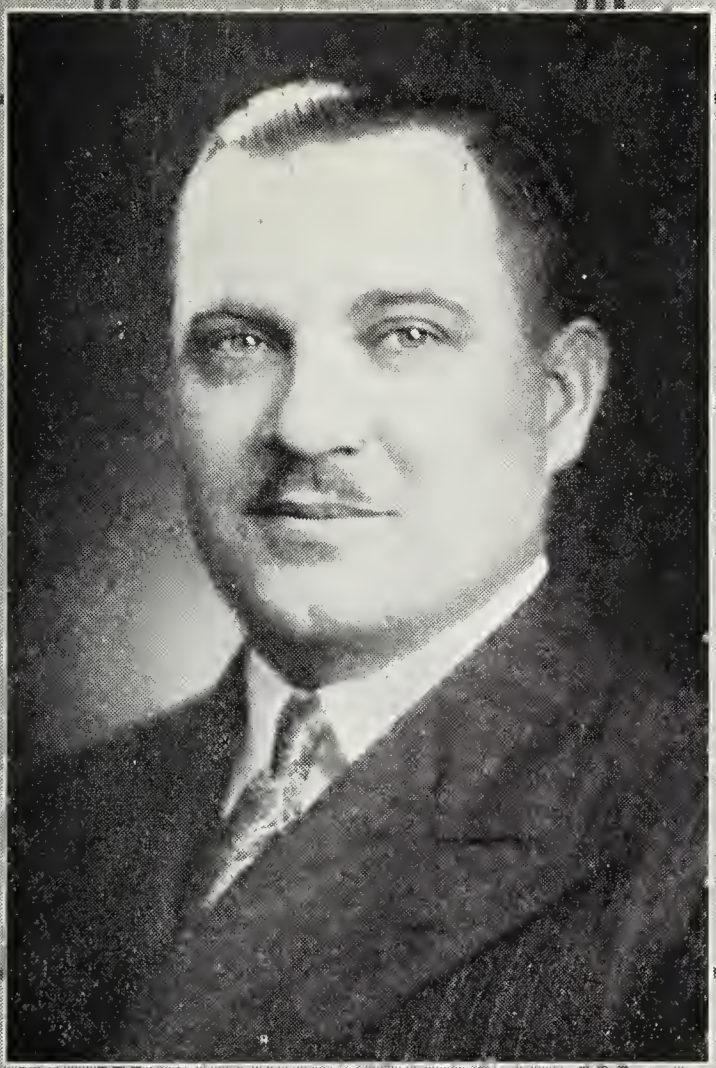
The site, expropriated in 1884, was originally intended for Court House purposes only, but it was subsequently decided to erect a combined City Hall and Court House thereon. The corner-stone was laid on the 21st day of November, 1891, and the building was opened for public business on the 18th September, 1899.

In the tower of the building is a massive clock, of British manufacture, and three bells, which are used for striking the quarter hours, half hours, and the hours.

Weight of bells: Smallest (quarter bell), 1,904 pounds; next largest (quarter bell), 3,339 pounds; largest (hour bell), 11,648 pounds.

The dimensions, cost, etc., of the building are as follows:

Frontage	289	feet
Depth	283	feet



RALPH C. DAY

Mayor 1938

WM. J. WADSWORTH

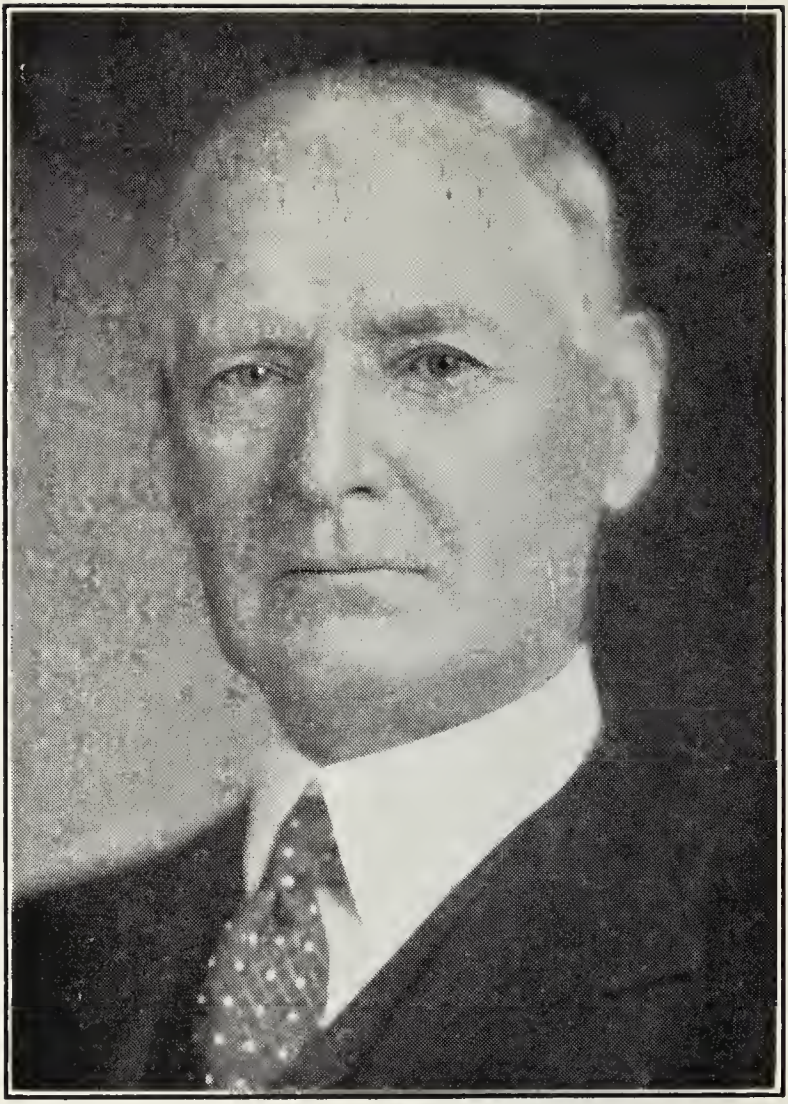
Vice Chairman BOARD OF CONTROL

FRED J. CONBOY, D.D.S.

Controller

FREDERICK HAMILTON
Controller

J. DOUGLAS McNISH K.C.
Controller



JAMES W. SOMERS, O.B.E.
CITY CLERK

City Hall—continued

Circumference	1,328	feet
Total floor space	5.40	acres
Height of tower from sidewalk	300	feet
Diameter of clock face	20	feet

The total cost (including site, clock, bells and furniture) did not exceed $2,500,000.

ORIGIN OF THE CANADIAN CORPS ASSOCIATION

President—Major G. R. M. Dingle (3rd Bn.)

During Toronto's Centennial Celebrations of 1934, a Reunion of ex-service men was held in the City of Toronto. Gathering in thousands they paraded for the first time since the war in the formation which had been theirs from 1914 to 1918, many units being led by their original commanding officers. Men who had been scattered from coast to coast gathered together again and at their head the battle patch under which they had fought. Divisions were distinguished by berets in the colour that had distinguished them during the war. It was evident that unit associations would provide a medium for all ex-service men to get together. The Canadian Corps Association came into being. It is a federation of overseas units.

Each unit elects a Delegate, Delegate's Meetings are held monthly. Delegates elect once a year a Council of twenty members. The Council elects their officers.

It is a Dominion-wide Association, having units throughout Ontario and the majority of other provinces, as well as several units in the United States of America.

Canadian Corps—continued

In addition to unit members, there are a number of affiliated associations. The City of Toronto has within its borders 84 unit associations and 10 affiliated organizations.

Policy of the Canadian Corps Association

1. To perpetuate the spirit of comradeship so wonderfully demonstrated by the Canadian Corps Reunion of August, 1934, by bringing together under responsible leadership all units of the Canadian Corps and those with whom they may affiliate.

2. To preserve and maintain those things which were best in our service by arranging for reunions, parades and services from time to time, to keep alive the memory of great days and true comradeship displayed in the Great War of 1914-1918.

3. To be able, through a unity of the old Corps, to carry on the spirit of service and sacrifice to those who survive.

4. To foster, by example, loyalty and devotion to Dominion and Empire and a proper spirit of citizenship in Canada, in particular amongst those who in time will fill the place and take on the responsibilities of those who served.

Canadian Corps Reunion

The beautiful grounds of Toronto's Canadian National Exhibition will on July 30th to August

1st, be the scene of the greatest gathering of ex-service men ever to take place in Canada since the war. The grounds will be transformed. A French Village. A trench or two. Men again living under canvas. Pages of the book of memory will turn back twenty years. Concert parties that roamed the lines twenty-odd years ago will again be in action. Many familiar scenes of those days will be re-enacted. Huge Drumhead Service and Military Tattoos will contribute to the success of the event. Underlying the mirth and joy will be a seriousness of purpose that more and more characterizes gatherings of ex-service men—a seriousness of purpose that will find expression through unit meetings when each of the units will hold before them as an aim the desire that our late Corps Commander, Sir Arthur Currie had and expected ex-service men to carry out. A desire that was expressed to a very close friend shortly before his death:

1. Study and learn their duties as Canadian citizens in national and international affairs.
2. To take the lead in moulding public opinion.
3. To look after those who are not fortunate enough to have a steady job, assuring them of subsistence.
4. To back the Government in their Canadianization program and their defence program.

MAYORS OF TORONTO

1834—William Lyon Mackenzie.

COURT OF REVISION

W. Assheton Smith, Commissioner.

J. A. R. Mason, Deputy Commissioner.

The Assessment Rolls are returned and the Court sits to hear appeals against the general assessment of the City upon the following days.

Ward	Date of Return of Roll	Date of Commencing Court of Revision
7	March 5th	March 31st
8	March 24th	April 25th
1	April 21st	May 18th
6	May 6th	June 13th
2	May 20th	July 6th
5	June 24th	August 2nd
9	July 4th	August 19th
4	July 20th	September 12th
3	August 6th	October 17th

Appeals must be filed within ten days after the return of the Assessment Roll, as stated on the notice of assessment, and should be lodged with the Assessment Commissioner.

The Court also sits from time to time throughout the year to hear appeals in respect of local improvement works, vacancy allowances and business tax adjustments.

The City Clerk is the Clerk of the Court.

AREA OF CITY AND STREET STATISTICS

Area of the City, not including portion of land covered by water, is about 34 square miles.

Marriages	6,890
Deaths	7,468

All births and marriages must be registered at the City Clerk's Office, City Hall (Room 21A), within thirty days from the occurrence thereof.

Number of marriage licenses issued by the City Clerk in 1937, 6,352.

Deaths must be registered at the same office or at any police station before a permit to bury can be issued.

Physicians attending are required to send in notices of births, and parents or occupants of dwelling where births occur are required to register same.

Clergymen officiating are required to register marriages.

Physicians attending are required to certify as to deaths.

Neglect or failure to send in notice in either case renders parties liable to a fine not exceeding $10 and costs.

Marriage licenses issued during office hours. Office, Room No. 21, Ground Floor, City Hall, west side. Telephone, Adelaide 7171.

PUBLIC HEALTH

The Administrative Offices of the Department of Public Health are located on the Third Floor, City Hall; telephone, Adelaide 7171.

DISTRICT OFFICES

The Divisions of Medical Services and Public Health Nursing discharge their functions of city-wide health services through 8 District Offices, each under the joint direction of a District Medical Officer and District Superintendent of Nurses. District Offices are located strategically from west to east over the City as follows:

Runnymede—2477 Dundas St. W., Junction 8959
Parkdale—53 Argyle St.....Melrose 5709
Hillcrest—643 Markham St.....Melrose 8035
Yorkville—135 Davenport Rd.....Kingsdale 4369
University—408 Huron St.....Randolph 3116
Moss Park—18 Gifford St..... .....Midway 8681
Riverdale—281 Broadview Ave., Hargrave 2185
Scarboro—299 Main St.....Grover 1144

Toronto's most favourable trend of mortality prevailed in 1934 and 1935, the actual rates per 1,000 population being 10.1 and 10.4 respectively. In the past two years the rate has been unfortunately disturbed by causes of an uncontrollable nature. The high mortality attributed to excessive heat in 1936 raised the figure to 11.0.

Although fractionally lower in 1937, the rate stands at 10.9 mainly on account of the substantial increase apparent in the number of deaths due to influenza, pneumonia, degenerative diseases, causes among non-residents, and fatalities resulting from the epidemic of poliomyelitis. Apart from these influencing factors the City's experience would otherwise compare favourably with that in any year.

It should be noted also that non-residents contributed 1,120 or 15.8 per cent. of the total deaths recorded in 1937 as against a range of from 13.8 to 14.2 per cent. over the previous five-year period.

In 1937 Toronto established its lowest rate for deaths among infants under one year of age, namely, 52.1 per 1,000 living births, and represents a drop of 7 per cent. from that of 56.0 a year ago.

Infant mortality has been lowered by almost 19 per cent. since 1933.

Health departments generally pride themselves, and justly so, in having a low infant mortality rate, which is still a very sensitive index of the effectiveness of modern public health. It portrays, as nothing else can, the inherent values

of teaching and demonstration in the matter of personal care and hygiene, inasmuch as success in preserving tender, early life attests to the fundamental solidarity of the effort.

The tuberculosis death rate for 1937 may be referred to also as the lowest in the history of the city, declining to 38.9 per 100,000 population including deaths of residents in outside sanatoria. In 1936 it was 42.6, while the lowest for past years was 40.8 in 1934. In retrospect, mortality from tuberculosis is now 53 per cent. less than in 1920, and since 1910 a 70 per cent. reduction has been realized. For a city of its size, Toronto enjoys one of the lowest, if not the lowest record, for this disease found on the continent.

The diptheria record for 1937 is 37 cases and no deaths which marks the second time in four years the city has been free from fatalities due to this preventable disease. With a population of 648,309 the parents of this City may point with pride to this notable achievement and also to the fact that we stand at present on a level far reduced from that of not many years back when in 1929 1,022 cases were reported with 64 deaths.

The one marring feature of the record of communicable diseases for 1937 is the 758 cases and 31 deaths reported to the Department dur-

ing the epidemic of anterior poliomyelitis which ravaged the Province in general and this City in particular. The epidemic reached proportions of 116.9 per 100,000 population or nearly three times greater than in 1930 when the ratio was 42.3 based on 263 cases. Relatively fewer deaths occurred in 1937, the case fatality rate being 4.1 per cent. as compared with 7.6 in 1930.

Several other items of public health interest are contained in the statistics of the year, among them may be found a record of one death attributed to the exceptionally well controlled disease, typhoid fever. The close of the year marks the complete absence of smallpox from the city during the last five years. An increase in the maternal death rate from 5.3 per 1,000 live births in 1936 to 6.1 in 1937 may be entirely accounted for by a rise in the percentage of deaths among non-resident mothers from 27.3 to 36.1.

Toronto's birth rate declined to a new low of 15.4 per 1,000 population. The rate of 16.2 in 1936 and that of 22.0 in 1930 is cited for comparative purposes.

Generally speaking, the health picture of our City at large for 1937 may be considered satisfactory. The Department of Public Health does not alone aspire to credit for this enviable state

of affairs but freely, and with appreciation, admits the splendid assistance rendered by the private physicians, welfare groups, and not the least, by our citizens themselves, in the common effort towards health conservation and health promotion.

CIVIC AMBULANCES

Telephone, Adelaide 6465.

The Civic Ambulance Service, under the control of the Department of Public Health, is located at the Coroner's Building, 86 Lombard Street.

A limited service is provided, restricted in scope to answering calls of an emergent nature such as street accidents and similar happenings; the transportation of non-emergent cases to a public hospital when the hospital maintenance of such person is to be at public expense, i.e., a City Order case, and the transportation of all cases of communicable disease. Separate ambulances and staffs are provided for the respective services mentioned.

All calls of whatever nature should be directed to the Coroner's Building, telephone, Adelaide 6465, where the attendant on duty will allocate the call if it is within the above categories, or otherwise advise the enquirer if service cannot be given.

In the case of accident, the patient, if of adult age and conscious, has the right to select the hospital or other destination within the City to which it is desired to be taken. In the case of children or those in an unconscious condition, the medical attendant will undertake direction of the ambulance. In the absence of such attendant this duty then devolves on Police Officer present.

In cases where a person is found dead and a physician has not been in immediate attendance, the Coroner's Office, 86 Lombard Street—telephone, Adelaide 6466—should be called without delay.

PUBLIC HOSPITALS

The Public Hospitals in the City are located as follows:

Toronto General Hospital, 101 College St.
St. Michael's Hospital, 30 Bond St.
Hospital for Sick Children, 67 College St.
Western Hospital, 399 Bathurst St.
St. John's Hospital, 28 Major St.
St. Joseph's Hospital, 1830 Queen St. W.
Women's College Hospital, 74 Grenville St.
Salvation Army Grace Hospital, 133 Bloor St. East.

Public Health—continued

Toronto East General Hospital, Coxwell and Sammon Avenues (East York).

Mt. Sinai Hospital, 100 Yorkville Ave.

Wellesley Hospital, Homewood Place.

Lockwood Clinic Hospital, 300 Bloor St. E.

Mothercraft Centre, 84 Wellesley St.

OTHER HOSPITALS AND INSTITUTIONS

Isolation Hospital, Gerrard St. East and St. Matthews Road.

Toronto Hospital for Consumptives, Buttonwood Avenue (Mt. Dennis).

I.O.D.E. Preventorium, Sheldrake Blvd.

Hospital for Incurables, 130 Dunn Ave.

Mercy Hospital for Incurables, 58 Sackville St.

Home for Incurable Children, 278 Bloor St. E.

Ontario Hospital for Insane, 999 Queen St. W.

Psychiatric Hospital, Surrey Place.

Hillcrest Convalescent Home, Bathurst St. and Davenport Rd.

Christie Street Hospital for Soldiers, 352-390 Christie St.

Assessment of City—continued

Note—The amount of taxes raised as above set forth may not balance with the amount found by calculating the mill rate on the assessment for any given year. The difference arises from the fact that a portion of the assessment is liable for school rates only.

*This rate includes the Provincial War Tax of one mill on the dollar.

PAYMENT OF TAXES

Taxes for 1938 are payable as follows:

1st Instalment, May 20th.
2nd Instalment, July 8th.
3rd Instalment, September 8th.

Weather Records—continued

1840-1937

Warmest day, 9th July, 1936. Mean temperature 91.6 degrees.

Highest registered temperature 105.0 degrees on the 9th July, 1936.

Coldest day, 8th February, 1934. Mean temperature of 16.0 degrees below zero.

Lowest registered temperature, 26.5 degrees below zero on 10th January, 1859.

Warmest year, 1921, mean temperature, 49.9 degrees.

Coldest year, 1875, mean temperature, 40.6.

Heaviest day rain, 3.88 inches on 27th July, 1897.

Heaviest day snow, 16.2 inches on March 28th, 1876.

Heaviest fall of snow in any winter, 123.5 inches in 1869-70.

Least fall of snow in any winter, 25.7 inches in 1932-33.

PARKS AND PLAYGROUNDS

The park system of Toronto, comprising 2,402.80 acres, had its beginning in the dedication by the late Jesse Ketchum to the Village of Yorkville in 1856 of the area known as Ketchum Park, and which came into possession of the City upon the annexation of Yorkville to the City in 1883. Since that time many park areas have been deeded to the City by the Crown, or donated by private citizens, and in all 1,006.41 acres have been so acquired. Much of this development has taken place in the past twenty-five years, during which time 909 acres of land have been acquired.

One hundred and three park and playground areas are comprised in the park system, twenty-eight children's supervised playgrounds are operated within the system, in addition to which thirty-one are operated by the Parks Department upon school grounds during the summer season. During the winter season fifty-six recreation centres are operated, fifty of which are conducted in school buildings.

The zoological collections at Riverdale Park, High Park and the Island comprise a great variety of domestic and foreign animals and birds. The animals number 211 in 87 different species; birds comprising 171 species number 670. Many of the most valuable of these have been donated to the City.

Parks and Playgrounds—continued

The trees upon the streets of the City, as well as those in the parks, are under the care of the Parks Department. During the past year 1,626 trees were planted upon the streets; 1,981 were removed; 21,696 were pruned; and 31,855 were sprayed.

The Exhibition Buildings and Grounds, in which the Canadian National Exhibition is held annually, are maintained by the City through the Parks Department.

The parks and playgrounds of the City, with the area of each, are as follows:—

Park	Area
Alexandra Park	6.8 acres
Allan Gardens	10.1 "
Avenue Road Squares	1.19 "
Baird Park	2.5 "
Beaches Park	24.37 "
Beaty Boulevard	.83 "
Bellevue Square	1.15 "
Bellwoods Park	6.54 "
Beresford Park	1.45 "
Bickford Ravine	15.0 "

Parks and Playgrounds—continued

Park	Area
Carlton Park Playground	2.0 acres
Cawthra Playground	.47 "

Skating rinks	77
Hockey rinks	70
Toboggan slides	15
Curling rinks	1
Bathing stations	7
Boating stations	2
Fieldhouses	60
Picnic areas (accommodation for over 100 persons each)	103

TORONTO MUNICIPAL ABATTOIR

This service was inaugurated August 4th, 1914, as a public slaughtering establishment with cold storage (high and low temperature) accommodation. It is essentially to the greatest extent a public health institution, and while the fact of its existence may perhaps at times have had a tendency to regulate the price of meats, the purpose of its establishment was to concentrate the slaughtering of food animals within the City, so that the evils attendant upon the operation of small slaughter houses might be eliminated.

SLAUGHTER HOUSE RECORDS, 1937

	Number Slaughtered
Cattle	25,679
Calves	14,454
Sheep and Lambs	26,966
Hogs	5,697
Total	72,796

Earl E. Hunt, Abattoir Commissioner.

OFFICE

Foot of Tecumseth St., Toronto 2.
Telephone, Waverley 9214.

DEPARTMENT OF BUILDINGS

The Department of Buildings has charge of the following:

1. The examination of Plans, and issuing of permits for all buildings.
2. The licensing of Passenger Elevators.
3. The licensing of Dry Cleaning, and Sponging and Pressing establishments.
4. The preparation of plans and specifications and the supervision of erection of Civic Buildings.

During the past year 45 licenses were issued for the operation of Dry Cleaning Plants and 660 licenses were issued for Sponging and Pressing Establishments. Also 64 licenses were issued for Fur Cleaning firms.

Licenses were granted for the operation of 1,254 Passenger Elevators.

BUILDING STATISTICS FOR TEN YEARS

Year	Permits Issued	Buildings Erected	Value of Buildings Erected
1928	9,208	11,302	51,607,188
1929	8,731	10,682	47,698,654
1930	7,812	9,925	32,130,589
1931	6,832	8,646	21,995,313
1932	4,969	5,686	8,013,550
1933	4,060	4,450	4,482,090
1934	4,656	5,283	7,378,772
1935	4,467	5,157	9,905,455
1936	4,635	5,501	8,114,799
1937	5,217	5,969	11,238,900

LOCAL IMPROVEMENT WORKS

When the owners of property on any street or lane desire a pavement, sidewalk, curbing, grading, sewer or water main, or when the property owners in any locality desire the opening, widening, extension or diversion of any street or lane, application should be made to the Department of Works for a form of petition to the Council for the work or improvement. The petition issued by the Department contains an estimate of the cost of the work and the estimated rate of assessment per foot frontage. When the petition has been signed by two-thirds in number of the owners representing at least one-half in value of the lots liable to be specially assessed, the Council may, with the approval of the Ontario Municipal Board, proceed with the work and subsequently assess the cost against the lots abutting directly on the work.

If it is found, when the petition is presented, that the names of two-thirds in number of the property owners representing at least one-half in value of the property have not been obtained, and if the Council nevertheless determines, on the recommendation of the Commissioner of Works, that the work is necessary and in the public interest, it may, with the approval of the Ontario Municipal Board, direct that the work be proceeded with unless a majority of the interested property owners, representing at least one-

half in value of the property to be assessed, petition against it within one month after the Council has given notice of its intention to proceed therewith. The foregoing procedure, which is called the "initiative" procedure, may also be followed on the recommendation of the Commissioner of Works, or on the joint recommendation of the Commissioners of Works and Assessment in the case of certain works, when there has been no petition for the improvement.

Under authority of section 8 of the Local Improvement Act, the Council, if it deems a work necessary in the public interest, may, with the approval of the Ontario Municipal Board, proceed therewith, notwithstanding any petition to the Council opposed thereto. The vote of the Council to proceed with the work must be a two-thirds vote of the whole Council.

Where the work is a trunk sewer, trunk water main, or the opening, widening, extending, diverting or grading of a street, the Council may by a three-fourths vote of the whole Council assume part of the cost and assess part of the cost against abutting lands and also lands benefited by the work.

WATER WORKS STATIONS AND EQUIPMENT

(Under the supervision of R. C. Harris, Commissioner of Works.)

John Street Pumping Station, foot of John Street, at Fleet Street

GENERAL SERVICE

Nos. 6 and 7 engines, each 15,000,000 gals. capacity, 24 hours (steam).

Nos. 8, 9 and 10 engines, each 24,000,000 gals. capacity, 24 hours.

4 electrically-driven pumps, each 20,000,000 gals. capacity, 24 hours.

2 electrically-driven pumps, each 15,000,000 gals. capacity, 24 hours.

HIGH PRESSURE FIRE SERVICE

2 steam turbine-driven centrifugal pumps, each 5,000,000 gals. capacity, 24 hours.

1 steam turbine-driven centrifugal pump of 10,000,000 gals. capacity, 24 hours.

East Toronto Pumping Station, Gerrard St.

1 engine, 3,500,000 gals. capacity, 24 hours (steam).

1 engine, 1,000,000 gals. capacity, 24 hours (steam).

Water Works—continued

Riverdale Pumping Station, Broadview Ave.

1 electrically-driven pump of 10,000,000 gals. capacity, 24 hours.

2 electrically-driven pumps, each of 5,000,000 gals. capacity, 24 hours.

High Level Pumping Station, Poplar Plains Road.

2 engines, each 5,000,000 gals. capacity, 24 hours (steam).

1 engine, 7,500,000 gals. capacity, 24 hours (steam).

1 engine, 8,500,000 gals. capacity, 24 hours (steam).

2 engines, each 20,000,000 gals. capacity, 24 hours (steam).

1 engine, 25,000,000 gals. capacity, 24 hours (steam).

2 electrically-driven pumps, each 24,000,000 gals. capacity, 24 hours.

2 electrically-driven pumps, each 10,000,000 gals. capacity, 24 hours.

4 electrically-driven pumps, each 7,000,000 gals. capacity, 24 hours.

Water Works—continued

Island Filtration Plant Pumping Station

FILTER SERVICE

1 engine-driven centrifugal pump, 50,000,000 gals. capacity, 24 hours (steam).

2 electrically-driven pumps, each of 18,000,000 gals. capacity, 24 hours.

1 electrically-driven pump, 9,000,000 gals. capacity, 24 hours.

3 electrically-driven pumps, each of 36,000,000 gals. capacity, 24 hours.

1 electrically-driven pump of 40,000,000 gals. capacity, 24 hours.

ISLAND DOMESTIC SERVICE

1 engine, 1,000,000 gals. capacity, 24 hours (steam).

1 electrically-driven pump, 1,500,000 gals. capacity, 24 hours (summer use).

1 steam or electrically-driven pump, 4,000,000 gals. capacity, 24 hours (summer use).

FIRE DEPARTMENT

The Fire Department consists of one Chief of Department, one Deputy Chief, two Platoon Chiefs, one Secretary, one Physician, one Accountant, one Record Clerk, one Stenographer, fourteen District Chiefs, one Superintendent Fire Alarm Telegraph, three Linemen, three Telephone Operators, three Fire Alarm Telegraph Operators, fifty Captains, seventy-one Lieutenants, one Mechanical Superintendent, six Helper Mechanics, five hundred and ten (all grades) Firemen, seven Fire Prevention Inspectors, one Storekeeper and one Janitor, making a total of six hundred and seventy-eight officers and men.

The Department operates under the two-platoon system, operating in two shifts—8 a.m. to 6 p.m., and 6 p.m. to 8 a.m., changing every Sunday, one crew working full twenty-four hours. In addition, each member is allowed one day off each week and fifteen days' annual vacation with pay. If in service over ten years the annual vacation is three weeks. Each member is supplied with uniform clothing by the City.

There is in the Department in service:

21 800-gallon motor pumpers.
7 Motor aerial turn-table hook and ladder trucks and portable water towers combined.
11 Motor city service ladder trucks.

Fire Department—continued

10 Combination chemical and hose motor cars.
2 High pressure hose trucks.
1 Motor salvage truck.
2 Supply trucks.
2 Repair trucks.
1 Gasoline supply truck.
1 Fire Alarm Telegraph emergency truck.
12 Automobiles.
1 Fire Tug, capacity 1,000 imperial gallons.
1 200-gal. hand-drawn gasoline pumper.
70,900 feet 2½-inch fire hose.
6,650 " 3½ " high pressure hose.
20,000 " 2 " fire hose.

Cost of fire-fighting plant and equipment (exclusive of land and buildings) is $844,412.00.

Cost of Fire Alarm Signal plant, $269,385.00.

Value of buildings and land occupied by same, $1,309,918.

Tariff for "Zone" Cabs

SECTION 42.

The rates or fares to be charged by the owners or drivers of zone cabs, except when engaged on a time basis, shall be computed from the point where the passenger or passengers enter the cab to each point where the passenger or passengers direct the cab to proceed on the plan divided into zones shown as Schedule "B" and forming part of this By-law as follows:

For first two zones only joined vertically, horizontally or diagonally, or to any part thereof	$ .50
For each additional vertical or horizontal zone line crossed	.25
For each return trip entirely within any one zone	.75

RATES TO BE CHARGED FOR MOVING HOUSEHOLD GOODS AND OFFICE FURNITURE

Schedule "A"

Section 32 of By-law 204 of the Board of Commissioners of Police for the City of Toronto, provides in part for the following tariff:

	Rates—Subject to Notes 1, 2 and 3
A. COVERED VANS:	
Up to 600 cubic feet capacity	$2.25 per hour
Over 600 and not over 800 cubic feet capacity	3.00 per hour
Over 800 cubic feet capacity	3.75 per hour
B. OPEN OR TARPAULIN-COVERED TRUCKS:	
With body length not over 10 feet	$1.75 per hour
Over 10 and not over 12 feet	2.00 per hour
Over 12 feet	2.50 per hour
Foregoing rates to include vehicle and driver. When extra men supplied—75c. per hour per man additional.	
C. HORSE-DRAWN VEHICLES:	
For one horse wagon	$1.10 per hour
For two horse wagon	2.00 per hour

Rates to be Charged for Moving Household Goods and Office Furniture— continued

Foregoing rates to include vehicle and driver.

NOTE 1:

For the purpose of this Tariff "COVERED VANS" shall mean any vehicle, other than an open or tarpaulin covered truck, or wagon, used for the conveyance of household goods and office furniture, the body of which is completely enclosed on all sides except at the loading entrance thereof.

NOTE 2:

If vans of greater cubic capacity or trucks of greater body length are supplied than are necessary to contain the goods, the rate to be charged will be that of a van of lesser capacity or truck of lesser body length suitable therefore.

NOTE 3:

The above charges to commence from the time the vehicle leaves the office, warehouse or stand to take up load and to continue until its return thereto.

D. PIANO MOVING:

Upright pianos from ground floor to ground floor:

Rates to be Charged for Moving Household Goods and Office Furniture—
continued

Within a radius of four miles $4.00 each
Beyond a radius of four miles 6.00 each
Ordinary Grand Pianos
.....$1.00 plus charge for upright
Concert Grand Pianos
.....$2.00 plus charge for upright

EXTRA HANDLING:

For each floor above ground floor (when taken up or down stairs).....
$1.00 plus moving charge
Lowering or hoisting, one floor.....
4.00 plus moving charge
Lowering and hoisting, one floor.....
7.00 plus moving charge
Lowering or hoisting, one floor (when not moved).....$5.00
Lowering or hoisting over one floor, each additional floor..... 2.00

Work-cards must be used when operating under this Schedule as provided for in Section 27 of this By-law.

For other rate, see By-law No. 204 of the Board of Commissioners of Police for the City of Toronto, copy of which may be obtained from License office of City Hall.

BOARD OF EDUCATION

The Board of Education consists of eighteen members, two elected from each of the nine wards, and two appointed representatives of the Separate School Board.

Date of next Election Day, January 2nd, 1939

The membership at present is as follows:

Ward No. 1.....Alex. Stewart, D.D.S.
Gordon W. Armstrong.

" " 2.....William D. Dennison.
E. A. Hardy.

" " 3.....W. Reg. Shaw.
Harry B. Kennedy, B.A.

" " 4.....John Weir.
Hugh A. Ross.

PENNY BANK

For Schools

Inaugurated April 1st, 1905.

The Penny Bank operates in the Schools with the approval of the Board of Education. Deposits are made each Tuesday morning in the class room. Withdrawals can be made by school children at the Head Office of the Bank, corner of Orde and McCaul Streets, between the hours of 3.30 p.m. and 5 p.m., except Saturday, and by parents from 10 a.m. until 5 p.m. Banking hours on Saturdays from 10 a.m. until 1 p.m.

There are over 87,000 open accounts in Toronto and suburbs with a total balance on deposit of over $630,000. About 33% of the pupils make deposits every Tuesday morning. A large number of classes have 100% of the enrolment operating accounts in the Penny Bank.

Hon. President—Lt.-Col. H. D. Lockhart Gordon, D.S.O.

President—M. A. Mackenzie, M.A., LL.D.

Managing Director—H. B. Scandrett.

Assistant Manager—Elizabeth Armstrong.
Telephone, Adelaide 0828.

SEPARATE SCHOOL BOARD

The Board at present is composed of eighteen Trustees, elected by Wards, for a term of two years, one Trustee in each Ward retiring annually. The membership at present is:

Mr. Joseph Bouvier, Chairman.

PUBLIC LIBRARIES

The management and control of the Public Library of the City with its several branches are vested in a Board of Management, appointed pursuant to the provisions of the Act respecting Public Libraries and Art Schools (Chap. 202, R.S.O. 1914), and composed of the Mayor of the City and eight others, three of whom are appointed by the City Council, three by the Board of Education, and two by the Separate (Catholic) School Board. The persons appointed by the City Council and the Board of Education hold office for three years, and those by the Separate School Board for two years. These members retire in rotation at the end of their respective terms on the 31st of January.

The Board holds its regular meetings on the second Tuesday of each month, and the Libraries and Finance Committee meets on the next preceding Thursday.

The Libraries are maintained by an annual appropriation from the tax rates, under legislative enactment, of an amount not to exceed fifty cents per capita of the population of the City as shown in the returns of the Assessment Department. This appropriation is obligatory, but by a vote of a majority of the members of the Council present and voting the appropriation may be increased to an amount not exceeding one dollar per capita.

Public Libraries—continued

BOARD OF MANAGEMENT OF 1938

John C. M. MacBeth, K.C., B.A., Chairman,
152 Springhurst Avenue,
(Rep. Board of Education).

His Worship the Mayor,
Ralph C. Day,
City Hall.

Mr. Thos. W. Banton,
250 Merton Street,
(Rep. City Council).

Mrs. Richard Davidson,

(Rep. Board of Education).

Norman B. Gash, K.C., LL.B,
85 Spadina Road,
(Rep. City Council).

Dr. Henry Glendinning,
387 Bloor Street E.,
(Rep. City Council).

Hon. Mr. Justice Kelly, LL.D.,
Osgoode Hall,
(Rep. Separate School Board).

His Hon. Judge W. T. J. Lee, K.C., B.C.L.,
70 Lyndhurst Avenue,
(Rep. Separate School Board).

Public Libraries—continued

Dr. F. N. Walker, M.A.,
1854 Gerrard Street E.,
(Rep. Board of Education).

Chief Librarian.....C. R. Sanderson, B.Sc.

The Administration Offices are located in the Central Library Building, corner College and St. George Streets. Telephone (switchboard), Kingsdale 1152.

The Downtown Circulating Library is at No. 42 Adelaide Street West.

The Reference Library and the Central Circulating Library are located in the main Library building, situated at the corner of St. George and College Streets. Immediately north of this building there is a well-equipped Boys and Girls Library in the Boys and Girls House. There are sixteen Branch Libraries and also Stations in sixteen Schools and Settlements.

The cost of the main building at College and St. George Streets, and of the Branches on Yorkville Avenue, Queen Street West, Annette Street, Broadview Avenue, Roncesvalles Avenue, Bathurst Street and Queen Street East was met by funds provided by the late Andrew Carnegie. Sites and buildings for the other branch libraries were secured by special appropriations from the City.

Public Libraries—continued

The Reference Library is open from 10 a.m. to 9.30 p.m.; the Central Circulating Library from 9 a.m. to 9 p.m.; the Downtown Branch from 8.30 a.m. to 8 p.m.; the remaining branch libraries from 2 to 9 p.m., but closing on Wednesdays. The Boys and Girls Library, on St. George Street, opens at 10 a.m. and closes at 6 p.m.

The main building includes, in addition to the administrative offices and the Reference and Circulating Divisions, the Central Reading Room, with an ample supply of the leading Canadian, British and American newspapers and magazines; the Music Library, a popular branch of the lending system; the Reference collection of the bound volumes of the Canadian, British and American patent specifications; a valuable collection of Government documents, and a Bureau of Clippings, these gathered from current periodicals for reference purposes.

In the Circulating portion of the main building are also housed the Kipling Room, with its special collection of books for boys and girls of High School age, and the John Ross Robertson Collection of engravings, prints and paintings illustrative of early life in Canada (the largest and most valuable collection of Canadian prints in existence). This room is open to the public daily without charge.

Public Libraries—continued

LIBRARY STATISTICS, 1937

Value of Libraries, including buildings and grounds, about	$1,510,560
Adult books issued for home reading	2,444,713
Reference books used	303,429
Boys' and Girls' books used	911,034
Books and pamphlets added	68,878
Total number of books and pamphlets in the Libraries	590,035

CANADIAN NATIONAL EXHIBITION

This year the Canadian National Exhibition celebrates its Diamond Jubilee from August 26th to September 10th, marking its sixtieth consecutive year of operation. While this exposition, by far the greatest of the world's annual affairs of the kind, is regarded as dating from 1879, actually it had its inception almost a century and a half ago. It was in 1796 that the pioneers of Upper Canada held their first annual gathering in the Niagara District under the patronage of Governor John Graves Simcoe when governmental headquarters were located at the community then known as Newark. There was a brief interruption following the war of 1812 when owing to disturbed conditions the fair was not held.

Governor Simcoe made a grant of forty pounds sterling to the pioneers to encourage the growth of hemp. It was stipulated that the society formed at that time should be for the furtherance of "agriculture, industry and the arts". After a period during which the exhibition was an itinerant one, held in various Upper Canada communities, it became the Toronto Industrial Exhibition and located in Toronto in 1879. Its record is one of constant progress and development. In 1912 a Dominion charter was granted under the name Canadian National Exhibition. Immediately thereafter its expansion became

more pronounced and it embraced all Canada and eventually included the leading agricultural and industrial countries of the Empire. Now its scope is world-wide and many foreign nations are represented annually in their efforts to take advantage of the fine reciprocal market offered by the Dominion of Canada.

The achievements of the Canadian National Exhibition in the past two decades have been truly remarkable. Today its investment in lands, buildings and plant equipment totals more than $21,000,000. Its activities now embrace agriculture, industry, education, pageantry, science, art, recreation, music, fashions, travel, sport, engineering, etc.

The Board of Directors consists of the Mayor of the City and seven members of the City Council together with eight representatives of manufacturing interests and eight representatives of agriculture, all of whom are elected at the Annual Meeting from among the membership of the Association which latter comprises one hundred and fifty organizations of various kinds.

The Minister of Agriculture of the Province of Ontario is also (ex-officio) a member of the Board. In addition, the past presidents of the Association are directors. The 1938 Board is as follows:—

1937	88,183	1,302,000

GROUNDS AND BUILDINGS

Exhibition Park contains permanent buildings which are accounted the world over as masterpieces of exposition architecture. Those comprising the main group are constructed of steel, stone, concrete and brick, and are truly worthy of the high standard attained by the exhibition they house. Amongst the larger buildings are: the Food Products, the Coliseum, the Automotive,

Electrical and Engineering, Horse Palace and the Province of Ontario. In 1927, at the cost of $1,400,000, the Live Stock exhibit buildings were erected as an annex to the Coliseum. A new Engineering and Electrical building was provided in 1928 at the cost of $600,000, and in 1929 the automotive interests were housed for the first time in a magnificent million-dollar building. The great horse Pavilion was erected in 1931 at a cost of one million dollars.

The latest addition is an ultra-modern bandshell, for which the sum of $50,000 was appropriated. This structure combines all the new developments in the field of acoustics, lighting and materials for the purpose. The finest bands of Europe and America are heard from time to time, the feature in 1938 being the famous Royal Artillery Band of England, a composite military brass band and symphony orchestra. The bandshell is used for concert, operatic and other attractions.

ROYAL AGRICULTURAL WINTER FAIR ASSOCIATION OF CANADA

The Royal Agricultural Winter Fair Association is a voluntary organization formed in 1919 to promote higher Canadian agricultural work, chiefly in live stock, by holding an annual Winter Fair at Toronto, as being the most central location in the Dominion. Membership in the Association includes representatives of the Dominion and Ontario Governments and the City of Toronto. Besides the exhibition of farm animals of all kinds, there are exhibits of the products of field, garden, dairy and apiary, with prizes to exhibitors for the encouragement of animal and other farm industries. His Majesty, the late King George V, granted by charter permission for the use of the word "Royal" in the title.

The Fair buildings are of reinforced concrete, modern and well equipped, with the Royal Coliseum as the pivotal arena around which the other magnificent buildings are grouped, covering 25 acres of floor space. The first Fair was held in November, 1922, and in 1927 the cattle, sheep and swine buildings formed the first step in expansion, until, in 1931, the original building plan was rounded out by the completion of the magnificent Equerry Building, having box and open stalls for 1,200 horses. Thus the whole Fair can accomodate roundly 15,000 head of live stock,

including 8,000 head of poultry. The Royal scheme annually comprises large and specialized shows for horses, cattle, sheep, swine, silver foxes, poultry, dairying, fruit and flowers, seed, grains, dogs, cats, tropical fish and pet stock. Entries total over 15,000 yearly, and the prize money paid annually is nearly $100,000.

Today the Royal Winter Fair stands in a position of unique pre-eminence among agricultural exhibitions on this continent. The assembly of so much variety combined with high excellence under one roof and into one organization gives the Royal at Toronto a distinctiveness not matched by any purely agricultural organization anywhere else.

At the 1937 Fair, held on November 16-24, there were over 15,000 entries, including 1,400 from the United States. Its international features were evident in the participation of military officer-riders at the Horse Show from Belgium, Holland, the Irish Free State, the United States and Canada.

H. C. Rose, County Building, 57 Adelaide St. E., Toronto.

THE TORONTO HARBOUR COMMISSIONERS

The Toronto Harbour Commissioners commenced active operations in 1914, and, in co-operation with the City Council and Dominion Government by Agreement and Order-in-Council have transformed the Harbour from a state of inadequacy into one of the most modern and up-to-date harbours on the Great Lakes. It can accommodate the largest vessels passing through the Welland Ship Canal, and now ranks third in cargo tonnage among Canadian Lake and Sea Ports.

In addition to deepening the Harbour and constructing approximately 47,000 lineal feet of wharves, two large waterfront industrial areas have been created out of lands covered by water and non-revenue producing in 1915. These areas have direct access to rail and water transportation and are served by 32 miles of Commissioners' railway tracks, wide paved streets and hydro-electric power at cost; there is also perfect co-ordination of rail, water and highway transportation.

The area of the lands sold, leased or occupied now totals 514 acres, on which are located 93 establishments, which have invested upwards of $38,600,000 in land, buildings and equipment.

The value of Harbour lands leased and sold from 1926 to 1937, inclusive, averages approxi mately $900,000 per year.

Assessed value of occupied Harbour properties, 1937	$21,275,157	
Assessed value of all Harbour properties. 1912	1,976,804	
Increase due to development of land covered by water and non-revenue producing in 1915	19,298,353	
The City of Toronto advanced to The Harbour Commissioners under its guarantee of bonds for payment of Interest and Sinking Fund in 1937		829,532.80
The taxes received by the City from occupied Harbour properties in 1937 totalled	$747,477	
Local improvement taxes paid by the Harbour Commissioners in 1937 totalled	158,556	
		906,033

The Toronto Harbour Commissioners —continued

The net general and local improvement taxes paid by The Toronto Harbour Commissioners on Harbour lands are as follows:

Year	General	Local Improvement	Total
1912 to 1934..	$132,318	$1,221,237	$1,353,555
1935..	16,202	183,654	199,856
1936..	40,982	160,689	201,671
1937..	28,566	158,556	187,122
Total..	$218,068	$1,724,136	$1,942,204

During the last few years waterborne traffic has been marked by a phenomenal expansion which is directly attributable to the Harbour facilities, which provide adequate accommodation to the largest vessels plying on the Great Lakes.

Below is the waterborne trade of the Harbour from 1911 to 1936:

Year	Tons	Year	Tons
1911.....	330,767	1933.....	2,500,100
1921.....	248,363	1934.....	3,125,144
1931.....	2,121,066	1935.....	3,020,132
1932.....	2,270,445	1936.....	3,382,830

1937—3,703,881 Tons

The Toronto Harbour Commissioners —continued

At the Western Section, between Dowling Avenue and the Humber River, 217 acres have been reclaimed. It is known as Sunnyside Beach, and contains a bathing pavilion with accommodations for 7,700 bathers at one time; adjoining this is a swimming pool 300 feet long by 75 feet wide, with a depth grading from 2½ feet. It has a capacity of 750,000 gallons. There are also amusement devices, games, rides, boating, canoeing, dancing and refreshments.

Another important part of the development work was the construction of Toronto's Cross Town Waterfront highway which extends from the Humber River on the west to Leslie Street on the east, a distance of seven miles, with a minimum pavement width of fifty feet. The foresight in constructing this highway, made possible by the waterfront development, is amply demonstrated by the many thousands of motor cars using it daily. It provides not only a fine entrance to the City from the west but also an easy means of access to downtown Toronto for tourists and the motoring public generally.

The general taxes received by the city from industries located on the lands created by the Harbour development, the benefits arising from the ever-increasing waterborne trade of the Har-

The Toronto Harbour Commissioners —continued

bour and the impetus given thereby to the commerce of the City, apart from the saving to the citizens by reason of cheap transportation, are tangible results of the development. These, as a whole, cannot be rated in mere dollars and cents but they are, neverthelesss, of incalculable value to the City at large.

For a number of years the Commissioners have had under consideration the construction of a waterfront airport as a harbour facility. In 1937 the City decided to construct two municipal airports, one a combined airplane and seaplane base on the waterfront and the other at Malton, and requested the Commissioners to construct and operate these airports for and at the expense of the City. Construction is now in progress and upon the completion of the airports, Toronto will become a focal point for air traffic on account of its location geographically in relation to other large centres of population in Canada and the United States and to the north country.

TORONTO TRANSPORTATION COMMISSION

The Toronto Transportation Commission was incorporated by an Act of the Ontario Legislature assented to June 4th, 1920. The Act of Incorporation is 10-11 Geo. V, 1920, Chap. 144, which may be briefly summarized as follows:

(1) The Commission consists of three members, appointed by the City Council to serve for three years, and to be paid such salary or other remunerations as may be fixed by Council.

(2) No member of the City Council is eligible for appointment as a member of the Commission.

(3) The Commission is entrusted with the control, maintenance, operation and management of:

(a) The Toronto Railway Company upon its acquisition by the City.

(b) The Civic Lines.

(c) Any other street railways that the City may from time to time acquire.

(4) The City may at any time entrust to the Commission the construction, control, maintenance, operation and management of lines of motor buses, or subways, or of tubes, or of any method of underground or local overhead transportation. (This was done by By-law No. 8564.)

Toronto Transportation Commission —continued

(5) To consider generally all matters relating to local transportation in the City of Toronto.

(6) To construct, control, maintain, operate and manage new lines of street railway.

(7) To fix such tolls and fares so that the revenue of the Commission shall be sufficient to make all transportation facilities under its control and management self-sustaining after providing for such maintenance, renewals, depreciation and debt charges as it shall think proper.

(8) To requisition the City for money necessary to carry out its powers and duties. But nothing contained in the Act of Incorporation shall divest the Council of its authority with reference to providing money for such purposes.

(9) The Commission to furnish the City annually an Operating and Financial Statement, and keep its books at all times open for inspection by the Audit Department of the City.

The fares chargeable by the Commission are as follows:

Fares for Adults:

Four tickets for 25 cents; cash fare, 10 cents.

Toronto Transportation Commission —continued

Fares for Children:

(a) Infants "in-arms", free. Children, not over 51 inches in height: Cash, three cents; ten tickets for 25 cents.

(b) School Children's tickets: School Children's tickets are sold at the rate of seven for 25 cents, and are for the use of all school children under 16 years of age. The tickets are good only going to and from school, between the hours of 8 a.m. and 4.30 p.m., and are not valid on Saturdays, Sundays or on other days when schools are closed.

Free transportation privileges on the street cars are provided to the members of the Amputations Association of the Great War and to blind people in Toronto receiving passes through the Canadian National Institute for the Blind.

Free transfers are issued between all street cars within the City limits and between street cars and "feeder" buses within the City limits.

To protect the City's huge investment and its rights to control public transportation in its streets, the City authorized the Commission's acquirement of control of the principal motor coach

Toronto Transportation Commission —continued

routes radiating from the City and of motor coach sight-seeing services in the City. These services and other special motor coach and motor launch services are operated by the Commission under the name of Gray Coach Lines, Limited. With its routes extending from the United States border at Niagara Falls and Buffalo to Toronto and thence to Muskoka Lakes, North Bay and other northern Ontario resorts, Gray Coach Lines' motor coach services have made Toronto the hub of highway travel and have developed a profitable tourist business for Toronto. Complete information in reference to the services of Gray Coach Lines and connecting motor coach services to all points in Canada and the United States is available at the Motor Coach Terminal, 602 Bay Street, or by telephoning ADelaide 4221.

Several municipalities adjacent to Toronto have arranged to have their local public transportation services managed by the Toronto Transportation Commission. This arrangement is advantageous to these municipalities and does not impose any financial responsibility on Toronto or on the Commission. These include street railway services in York Township, Weston, and the municipalities between Toronto and Richmond Hill on north Yonge Street; and bus services in

Toronto Transportation Commission —continued

York Township, Forest Hill Village, Leaside and East York Township.

The Toronto Island Ferries, now owned by the City of Toronto, have been managed by the Transportation Commission since February, 1927. Passenger and freight service is supplied by a fleet of ferry boats and freight craft between the mainland and the three Islands—Centre Island, Hanlan's Point and Ward's Island. The one-way trip to any of these points is made in approximately fifteen minutes.

The ferry service is managed by the Commission under an agreement with the City. The finances of this service are entirely separate from those of the other services managed by the Commission under its Act of Incorporation.

The rates of fare are the same on the ferries as on the City street car system, the same tickets being good on either service, but no transfer tickets are issued between the ferries and the street cars.

This is the seventeenth year of the Commission's operation of the various transportation services. In the essential quality of Safety the Commission has a notable record. Well over four

Toronto Transportation Commission —continued

billions of passengers have travelled on the street cars, buses, motor coaches, ferries and motor launches operated by the Commission. Not one passenger has been fatally injured.

The Commission operates 878 electric street cars and 89 electric service cars. The street cars travel a distance of approximately 21,000,000 miles in service during a year. The 226 buses and motor coaches travel 7,000,000 miles yearly. The fleet of six ferry boats carry nearly 2,000,000 passengers during the Summer. Approximately 3,000 people are regularly employed by the Commission.

The Commissioners are as follows:

Wm. C. McBrien, Chairman.
S. J. McMaster, Vice-Chairman.
F. L. Hubbard, Commissioner.

David W. Harvey, General Manager.

Offices: 35 Yonge Street, Telephone, Waverley 7611.

TORONTO AND THE TELEPHONE

The Bell Telephone Company of Canada was incorporated in 1880 and, in Toronto, absorbed the Toronto Telephone Despatch Company, which had been serving Toronto citizens since 1879.

In 1880 there were 400 telephones in use in Toronto. Today there are over 207,000.

Of the world's metropolitian cities—those of more than 750,000 population—Toronto leads in its proportion of home telephones per hundred inhabitants.

Executive Officers of the Company are C. F. Sise, President; J. E. Macpherson, P. A. McFarlane, F. Johnson, Vice-Presidents; J. H. Brace, General Manager, Western Area; W. J. Cairns, Toronto Division Manager.

TORONTO HYDRO-ELECTRIC SYSTEM

The Toronto Hydro-Electric System is owned by the City of Toronto, and is operated for it by the Toronto Electric Commissioners.

The Toronto Electric Commissioners, created under Provincial Statutes (1 Geo. V, Chap. 119, Sec. 6), are empowered to carry out the provisions of the Public Utilities Act of Ontario (R.S.O., 1927, Chap. 249) in so far as such Act applies to the City of Toronto.

The present members and officers are:

Commissioners

Joseph Gibbons (Chairman).
Kenneth A. Christie, K.C. (Vice-Chairman).
Ralph C. Day (Mayor).

Officers

E. M. Ashworth, General Manager.
H. J. MacTavish, Secretary.

Offices

14 Carlton Street: Telephone, Ad. 2261.

The Toronto Hydro-Electric System is one of the largest municipally owned distribution systems in the world, and distributes power at unusually low rates.

Toronto Hydro-Electric System —continued

The following statistics, based on the operations during 1937, are of interest.

Kilowatt-hours sold	1,038,545,264
Connected load	1,182,715 H.P.
Peak load	351,802.9 H.P.
Total Revenue	$12,900,000.00*
Number of consumers at Dec. 31, 1937	189,357
Total System-owned Assets at Dec. 31, 1937	$47,900,000,00*
Net bonded debt at Dec. 31, 1937	$13,580,036.57
System-owned Assets exceed liabilities by	$31,750,000.00*
Equity in H.E.P.C. Sinking Fund	$15,431,836.92

*Estimated.

Alternating Current Light and Power Rates

(This schedule does not include rates for service outside the City Limits.)

Residence Service

Alternating Current—25 Cycles—120 Volts.
Monthly Demand Charge.

Three cents per 100 square feet floor area, per month. (Minimum 1000 sq. ft. Maximum 3000 sq. ft.)

Toronto Hydro-Electric System —continued

Energy Charge:

One decimal eight cents per Kilowatt-hour up to equivalent of 3 Kilowatt-hours per 100 sq. ft. floor area charged. One cent per Kilowatt-hour for all additional consumption. Prompt payment discount 10%. Minimum monthly bill 75c. (net).

Commercial Lighting Service

Alternating Current—25 Cycles—120 Volts. Billing Demand—by Meter or 100% Installed Capacity.

Three cents per Kilowatt-hour for equivalent of first 90 hours' monthly use of Billing Demand. One cent per Kilowatt-hour for equivalent of next 90 hours' monthly use of Billing Demand. One-third cent per Kilowatt-hour for all additional consumption. Prompt payment discount 10%. Minimum monthly charge 75c. (net) per Kilowatt of Billing Demand. Minimum monthly bill 75c. (net).

Power Service

Alternating Current—25 Cycles—3 Phase—550 Volts. Billing Demand—by Meter or 100% Installed Capacity. Alternating Current—25 Cycles—3 Phase—208 Volts (See Note).

Toronto Hydro-Electric System —continued

Monthly Demand Charge:

One dollar and ten cents per Kilowatt for the first 7½ Kilowatts of Billing Demand. Ninety cents per Kilowatt for all additional Billing Demand.

Energy Charge:

Two cents per Kilowatt-hour for equivalent of the first 50 hours' monthly use of the Billing Demand. One cent per Kilowatt-hour for equivalent of the second 50 hours' monthly use of the Billing Demand. One-third cent per Kilowatt-hour for equivalent of the next 300 hours' monthly use of the Billing Demand. One-sixth cent per Kilowatt-hour for all additional consumption. Prompt payment discount 10%.

NOTE—Alternating Current 25 Cycles—3 Phase—208 Volts Service is supplied in areas where 4 wire A.C. network is installed.

Direct Current Service is supplied in a restricted downtown area only.

Rates for Direct Current and special classes of service, such as Flat Rate Water Heaters, Hall Lighting, Sign Lighting, etc. may be obtained on application.

TORONTO INDUSTRIAL COMMISSION

The Toronto Industrial Commission was incorporated by Letters Patent under the Ontario Companies Act on 28th of December, 1928, and began active operations on the 13th of March, 1929. The Commission's objects are to secure industries for and aid industries in the City of Toronto and surrounding territory and to give publicity to the advantages of the Toronto area for business and manufacturing purposes.

During 1937 the Commission co-operated in the establishment of seventeen industrial developments in the Toronto area. Ten existing Toronto industries in 1937 were assisted in securing larger or more suitable manufacturing space, new lines to manufacture and given data on questions of obscure sources of materials, taxation and numerous other subjects.

Since the Commission began operations nine years ago it has co-operated with a total of 160 industrial companies which have established in Toronto and suburbs. They have invested over $7,649,000 in plant and equipment, are employing more than 4,600 people, and are occupying more than 2,150,000 square feet of floor space.

In addition to the "direct" employment by the new industries, their operations have resulted in substantial additional employment in other

Toronto Industrial Commission—continued.

Toronto concerns supplying a wide variety of production materials and services to the new companies and their employees. It has been conservatively estimated that this "indirect" employment represents another 4,600 persons.

These new companies paid taxes of $36,530 in the City of Toronto in 1937 and purchased electric power and light to the value of $66,000.

The Commission has given assistance to many existing Toronto industries, co-operating with them in expansion plans, in securing new lines to manufacture, and in providing them with market and distribution data with regard to both domestic and export trade, and information on numerous other subjects, including sources of equipment and materials.

The Commission is the official Industrial Commission for the City of Toronto. Its Board of Directors is made up of representatives nominated by the City Council, the Board of Trade of the City of Toronto, the Toronto Branch of the Canadian Manufacturers' Association, the Toronto Hydro-Electric System, the Toronto Transportation Commission, the Toronto Harbour Commissioners and the Canadian National Exhibition Association.

TORONTO OLD AGE PENSIONS BOARD

(Appointed under Old Age Pensions Act, Ontario, R.S.O. 1937, Chapter 314)

The Board consists of five persons; three appointed by the Province and two by the Municipality.

Its duty is to receive all applications for Old Age Pensions and Blind Pensions made by residents of the City of Toronto; and forward them, together with their recommendations, to the Old Age Pensions Commission of Ontario.

MEMBERS OF THE BOARD

Provincial Appointees:

Arnold Ivey, Chairman.
Robert Ferguson.
Mrs. M. J. Poupore.

Municipal Appointees:

C. M. Carrie, Vice-Chairman.
Zeph Hilton
Secretary—A. W. Laver.

Offices

Department of Public Welfare, Old Age Pensions Division, Stewart Building, 149 College Street, Toronto.

Toronto Old Age Pensions Board—continued

The actual number of Toronto residents receiving Old Age Pensions at December 31, 1937, was 10,828. The amount paid out in Pensions during 1937, was $2,397,206.88.

The City is required to provide office space, staff, etc., and these for administration purposes are attached to the Department of Public Welfare.

MOTHERS' ALLOWANCES TORONTO BOARD

(Appointed in pursuance of the Mothers' Allowances Act, R.S.O., 1927, Chap. 280.)

The Local Board consists of six persons appointed by the Ontario Government, two being chosen by the City Council and the remaining members by the Minister of Public Welfare on the recommendation of the Ontario Commission.

Its functions are to receive and consider applications for allowances under the Act made by residents of the City of Toronto and to recommend to the Ontario Mothers' Allowances Commission the payment of allowances to those considered eligible.

A monthly allowance may be paid towards the dependent children of a mother with at least one child under sixteen years of age in her care, who is

(a) a widow, (b) or a mother with a totally and permanently incapacitated husband, (c) or a deserted mother, whose husband has not been heard of for at least three years, (d) or a foster mother, who is married or unmarried and has resident with her one or more orphan children and has not adequate means to care properly for them without the assistance of an allowance. In all cases the applicant must be a British subject by

THE ONTARIO MUNICIPAL ASSOCIATION

This organization, composed of delegates appointed by different municipalities throughout the Province of Ontario, has been formed for the purpose of discussing important municipal topics and of prompting desirable municipal legislation. The delegates are either members or officers of municipal councils.

The annual meetings are held in Toronto, usually during Exhibition time.

The officers for the year 1937-1938 are:

President—Wm Jelly, Clerk, Leeds and Grenville Counties. Vice-Presidents—C. W. McCrea, Sault Ste. Marie; Stuart K. Watt, City Treasurer, St. Catharines; W. R. Allely, Lindsay; H. Hopper, Hamilton; A. Belanger, Ottawa.

Secretary-Treasurer—Horace L. Brittain, New Wellington Building, 137 Wellington St. West. Telephone, Elgin 1904.

THE BOARD OF TRADE OF THE CITY OF TORONTO

The Board of Trade of the City of Toronto was organized in 1844 and incorporated by an Act of the Legislature of the late Province of Canada in 1845.

The principal objects of the Board are:

(a) To promote and/or support such measures as, upon due consideration, are deemed calculated to advance and render prosperous the lawful trade and commerce and to foster the economic and social welfare of the City of Toronto in particular and of the Province of Ontario and of the Dominion of Canada in general.

(b) To promote the establishment and maintenance of uniformity in the business of its members and those dealing with them.

(c) To adjust, settle and determine controversies and misunderstandings between persons engaged in trade.

(d) To advance in all lawful ways the commercial interests of the members of the Board generally and to secure the advantages to be obtained by mutual co-operation.

The Board of Trade of the City of Toronto —continued

(e) To stimulate in such way as may be determined from time to time social intercourse among the members of the Board.

The Board is one of the largest commercial organizations in the British Empire and functions through a Council of nineteen elected members and a number of Committees, the principal of which are Legislation, Social Problems, Taxation, Trade Development, Transportation and Customs, and Northern Ontario. The Board also operates twelve Trade and Professional Branches, namely, Book Publishers, British Empire Overseas, Dairy, Engineering, Fuel Dock, Funeral Directors, Grain and Grain Products, Motion Picture, Oil Heating, Produce, Provision Trade, and Toronto Laundry-owners' Exchange, and has affiliated with it the Fuel Protection Association. The Board has direct representation on the Advisory Vocational Committee of the Board of Education, Canadian National Exhibition Association, Federation for Community Service, Ontario Safety League, Toronto Harbour Commission, Toronto Industrial Commission and Traffic Advisory Board.

Commodious Dining and Lounge Rooms and well-equipped offices are maintained for the bene-

THE TORONTO HUMANE SOCIETY

The Toronto Humane Society gives a twenty-four hour service, 365 days of the year for the relief of suffering animals. An average of 350 telephone calls per day are received, and during 1937 a total of 24,347 calls were made by the Society's trucks, during which 12,081 dogs and 20,954 cats were brought to shelter. 9,067 Emergency calls (sick and injured animals) were responded to and 3,871 complaints regarding cruelty were investigated.

Constant inspection is maintained over the conditions under which animals for human consumption are handled and killed. During 1937 this entailed the examination of 89,373 cattle, sheep, swine and poultry. The transportation of food, animals and birds is frequently carried on with great cruelty and it is an important part of the Society's work to keep constant watch on those engaged in this work and thousands of pamphlets are distributed to drivers of cattle trucks and those engaged in transportation of animals, giving advice as to the most humane way of doing the work.

Humane education of children is one of the most vital departments of the Society's work, as it is a well-known fact that a child who is taught kindness to animals will not go far wrong in his behaviour towards his fellow men.

The Toronto Humane Society—continued

The Society exists to help all animals that are suffering, that are wounded, lost, deserted, hungry or that must be mercifully put to death.

President—Hon. R. C. Matthews.

Managing Director—J. M. Wilson.
